

What We're Working On Together

The Destination Development Plan (DDP) is a community-created multi-year plan to support tourism development in the region (Drumheller, Kneehill, Starland, Wheatland, Special Areas). We are now taking the plan and turning it into action. The actions below were selected by the DDP Steering Committee to happen within 2024. This is only a sampling of the great work underway across the region and our journey *'to be an iconic year-round destination grounded in community'*
